Hi Tim,

I have attached the LAND comment letter, just FYI. I can also send via a link if necessary.

AQ is discussed on pdf p. 53 and the underlying expert report is Exhibit P, beginning on pdf p. 233.

The water transfers needed to operate the tunnels is discussed on pdf p. 6 and in the PRA/FOIA documents included in Exhibit C, beginning on pdf p. 82.

The potential success of restoration is discussed on p. 3 and again beginning on p. 8.

Please let me know if you have any questions.

Best,

Osha
